

## Push Button Valve (PBV)

„We manufacture PEC make Push Button Valve. We use highly graded raw material to manufacture them. Our Push Button Valves are long lasting, reliable and durable. Each valve is 100% leak proof and tested in factory.

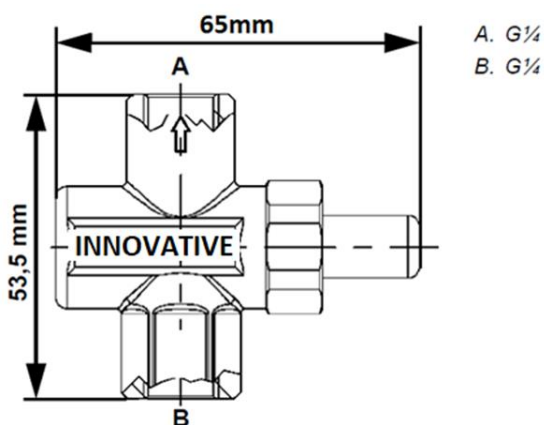

### Material of Construction :

- 1) Body : Nickel Platted Forged Brass
- 2) Stem : Nickel Platted Hot Pressed Brass
- 3) Nut : Nickel Platted Hot Pressed Brass
- 4) Spring: Stainless Steel

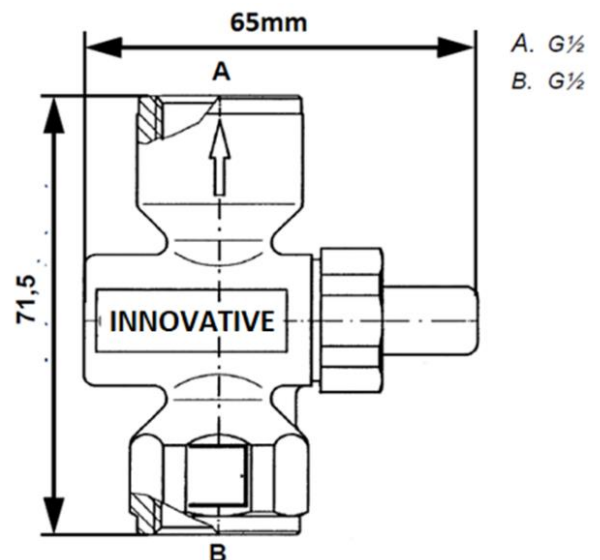

### Technical Features:

- 1) Application : Air & Burning Gas ...etc.
- 2) Working Pressure : 5 Bar
- 3) Direction of Flow : Designated by Arrow
- 4) Connection : 2 x Female Thread (G - ISO 228)
- 5) Working Temperatures: -20°C to 60°C
- 6) Available Sizes : 1/4", 1/2"

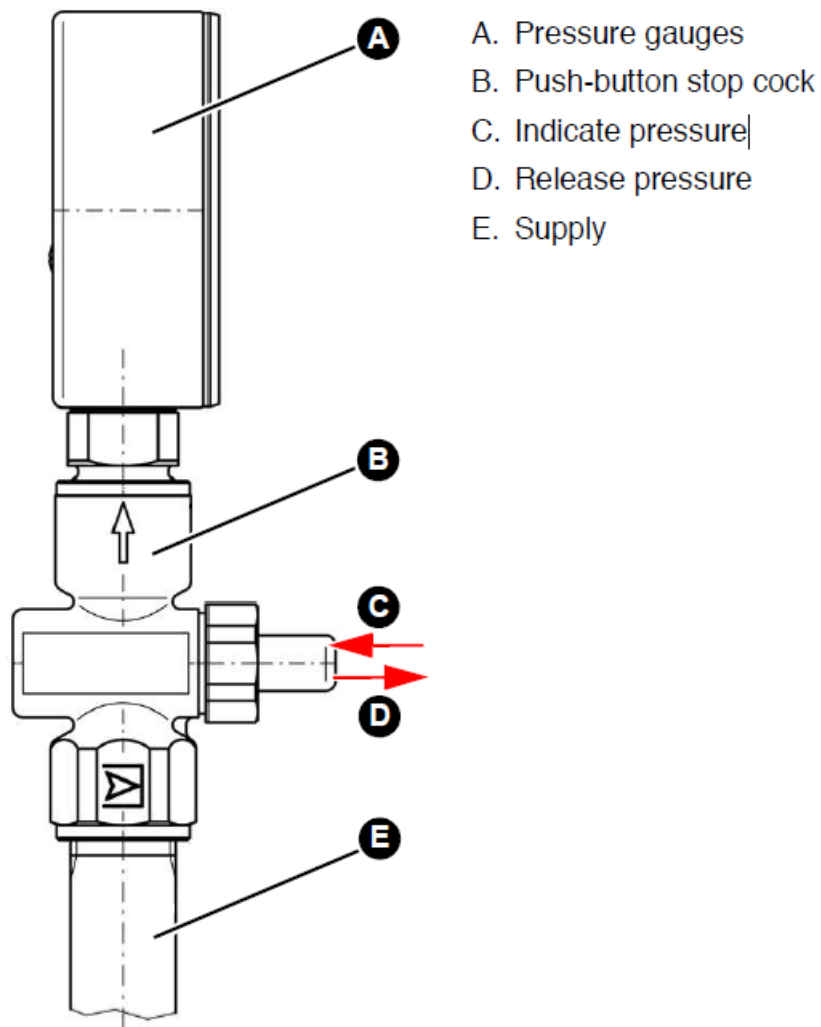

**Push Button Stop Valve G 1/4"**

- All dimensions are in mm.
- All threads are in BSP.

**Push Button Stop Valve G 1/2"**
